

# AT HOME SCREENING GUIDE

Check in with your child each morning for signs of illness. They should not go to school if they are having any of these signs. Signs of illness may include:

- If your child has a temperature of 100.0 degrees or higher, without the use of fever-reducing medications such as Tylenol or Motrin, they should not go to school.
- If your child has had close contact to a COVID-19 case, they should not go to school.

Stay home  
when  
you're sick.

Fever or chills
