

Career Pathway

Planning Guide

1 List the career fields and the type jobs that you are interested in pursuing after high school and/or college graduation.

Career Fields	Type of Jobs

2 Explore job postings and career planning websites such as [Careers NWA](#) and [Student's Desk \(BLS\)](#) to learn more about the knowledge, skills and industry certification areas that you will need for jobs within your chosen career fields.

Use the information about Launch career programs on pages 4-10 to make notes about the courses, industry certifications and training programs you could take during high school that would help prepares you for college and/or a career after high school graduation.

Launch Career Program	Course	Industry Certification	Training Program

3 Create a Career Pathway Planning Guide that outlines content area (math, science, etc.) and Launch career program courses you plan to take during each year of high school. Include concurrent credit you could take during high school and post-secondary programs following graduation. Information from your Student Success Plan may also be helpful to include in your Career Pathway Planning Guide.

This guide is a tool to help you choose the courses to register for in the 2021-2022 school year.

9th Grade	10th Grade	11th Grade	12th Grade	Post-Secondary
