

Donors Choose.org
Teachers ask. You choose.

Educators know they have to be creative about getting supplies to their classrooms. Donorschoose.org is a nonprofit website dedicated to helping classroom teachers get materials for their classroom projects:

Share your classroom needs with a thriving community eager to help. Supporters have brought teachers' ideas to life in more than half of all U.S. public schools. 70% of projects on DonorsChoose.org are funded. The website will walk you through the process to select materials for your students and provide the information that inspires donors to give.

Your project is most likely to be funded if you:

- Give it a great title
- Keep the cost to less than \$400
- Speak from the heart when you describe your project
- Check your project essay for spelling and grammar.
